## WIRELINE COMPETITION BUREAU ANNOUNCES THE PROPOSED NORTH AMERICAN NUMBERING PLAN ADMINISTRATION FUND SIZE ESTIMATE AND CONTRIBUTION FACTOR FOR OCTOBER 2018 THROUGH SEPTEMBER 2019

### CC Docket No. 92-237

In this Public Notice, the Wireline Competition Bureau announces the proposed North American Numbering Plan (NANP) Administration fund size estimate and contribution factor for the fiscal year October 1, 2018 through September 30, 2019 (Fiscal Year 2019). Proper funding of NANP Administration ensures that consumers will continue to have access to the numbering resources essential to the provision of new services and technologies.

#### A. Calculating the NANP Administration Fund Size Estimate and Contribution Factor

Pursuant to its contract with the Commission and section 52.16(a) of the Commission's rules, the NANP billing and collection agent, Welch LLP (Welch), is responsible for calculating, assessing, billing, and collecting payments for numbering administration functions, and for distributing funds to the entities that support these functions (e.g., the North American Numbering Plan Administrator (NANPA) and the Pooling Administrator (PA)).<sup>1</sup> Consistent with this function, Welch annually develops the projected numbering administration costs and fund size estimate for the upcoming fiscal year.

Under section 52.17 of the Commission's rules, all telecommunications carriers in the United States are required to contribute on a competitively neutral basis to meet the costs of numbering administration.<sup>2</sup> To develop these figures, Welch allocates a portion of the funding requirement to all NANP members.<sup>3</sup> Specifically, it calculates a Canadian contribution amount, a Caribbean contribution amount, and a U.S. contribution amount. Welch then develops a contribution factor for U.S. telecommunications carriers designed to collect the projected U.S. contribution. The Commission's rules provide that contributions shall be the product of the carriers' end-user telecommunications revenues for the prior calendar year<sup>4</sup> and the contribution factor, and such contribution shall be no less than twenty-five dollars (\$25).<sup>5</sup>

---

<sup>1</sup> 47 CFR § 52.16(a).

<sup>2</sup> 47 CFR § 52.17. For purposes of this section, the term "telecommunications carrier" or "carrier" includes interconnected VoIP providers as that term is defined in section 52.21(h) of the Commission's rules, 47 CFR § 52.17(c).

<sup>3</sup> The NANP member countries are Anguilla, Antigua and Barbuda, Bahamas, Barbados, Bermuda, British Virgin Islands, Canada, Cayman Islands, Dominica, Dominican Republic, Grenada, Jamaica, Montserrat, Sint Maarten, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Trinidad and Tobago, Turks and Caicos Islands, and the United States (including American Samoa, Puerto Rico, U.S. Virgin Islands, Guam, and the Commonwealth of the Northern Mariana Islands). 47 CFR § 52.5(c).

<sup>4</sup> The estimated carriers' end-user telecommunications revenues used by the NANP billing and collection agent for Fiscal Year 2019 are approximately \$132 billion. See Letter from Mark Jackson, Partner, Welch LLP, to Marlene

**B. Billing and Collection Agent Projection of the Fund Size Estimate and Contribution Factor**

On June 18, 2018, Welch filed a fund size estimate and contribution factor for recovering the cost of NANP Administration for Fiscal Year 2019, in accordance with section 52.16(a) of the Commission's rules.<sup>6</sup> Welch proposes a funding requirement of \$7,058,771 for Fiscal Year 2019, and a contribution factor of 0.0000427.<sup>7</sup> The proposed contribution factor is lower than last year's factor (0.0000518) due to lower costs and a higher available surplus.<sup>8</sup> The funding requirement contemplates a Canadian contribution of \$109,717, a Caribbean contribution of \$23,036, a U.S. contribution of \$5,639,875, and the application of \$1,286,143 from the accumulated surplus from the prior fiscal year.<sup>9</sup> The funding requirement also, as in previous years, contemplates a contingency fund. This year's contingency fund is \$1,000,000.<sup>10</sup> Greater detail about the factors considered by Welch in establishing the fund size estimate, contribution factor, and contingency fund may be found in Welch's monthly fund reports.<sup>11</sup>

**C. Effective Date of the Fund Size Estimate and Contribution Factor**

If the Commission takes no action regarding the proposed fund size estimate and contribution factor within the 14-day period following release of this Public Notice, the fund size estimate and the contribution factor are considered approved by the Commission and become effective for Fiscal Year 2019.<sup>12</sup>
