Assumptions:

- (1) The US carrier contributions for the period from July 2009 to June 2010 and the International carrier revenue is based upon actual billings.
- (2) These fees represent the \$100 late filing fee charged to those companies that do not file the Form 499A by the due date.
- (3) Interest income projections are estimates
- (4) The expenses for the NANPA Administration, 1K Block Pooling and Welch LLP are based on contracts in force.
The contract with Welch LLP expires September 30, 2009. A six month extension until March 31, 2010 under the same terms has been exercised. The expense for B&C Agent for April 2010 to June 2010 is based on the current contract.
- (5) The expense for the Data Collection Agent is based on estimate of costs by USAC for the 2009 calendar year.
- (6) The contract for the annual operations audit has been awarded to Ernst & Young. The cost is \$34,000.
- (7) The April forecasted amount includes the forecasted monthly billing of \$188,498.
- (8) The April forecasted amount includes the forecasted monthly billing of \$131,833
- (9) Interim p-ANNI administration is now covered under the new Pooling contract. \$200,000 has been allowed for the cost of permanent pANI in 2009/10. No change order has been issued. There has been no further action regarding this matter so the \$200,000 has been removed from the forecast.
- (10) The budget allowed \$700,000 for carrier audits. There will not be any performed in the remaining period January to June 2010.
- (11) The allowance covers all accounts considered potentially uncollectible at March 31, 2010. This will be covered by the contingency allowance.

Reconciliation of Forecast at June 30, 2010 to Budget

Deliverables Report

Distributing invoices

The monthly invoices for carriers were mailed March 12, 2010

Processing Payments

Payment information from the lockbox service at Mellon Bank is received every Monday for the prior week's deposits. The deposit information is recorded on either Monday or Tuesday each week.

Late/Absent Payments

Statement of accounts were sent out for new receivable balances under 90 days old.

FCC Red Light Notices

representing collections from 19 carriers. 190 delinquent accounts were sent to the FCC for collection and submission to the Red Light site. The total value of the delinquent accounts sent to the FCC amounted to \$22,272.77.

Complaints/Queries

All queries are directed to a voice mailbox. The information is transferred to an Access database. The date, nature of call, name of caller, Filer ID, who responded and on what date and the resolution is tracked. Calls are responded usually within 3 business days. 24 calls were received in March. Most calls were questions about the statement received, who is NANP, why should they fund NANP, the company is out of business, change of address and request for copies of invoices and why they were sent to collections with the FCC.

Staffing Changes

Nothing new to report.

Contract Renewal

The FCC has not started this process yet. The contract expires October 1, 2009. Welch LLP is on the USGSA list. Welch LLP received a 6 month bridge extension with the same terms as the current contract which ended March 31, 2010. Welch and the FCC are negotiating for an interim contract until the RFP has been issued and awarded.

Accounts Receivable

The old receivables are gradually being cleared up as USAC identifies and verifies companies that are inactive. We have received procedures from the FCC as to how to apply for approval to write off debt. This has to be done on an individual carrier basis. The FCC has to approve each request for write off.

We have prepared our first write-off package in November for one carrier. This was sent to the FCC where the OMD office has to approve the write-off. We received approval from the OMD office on March 31st. We will start the process of preparing other write-off packages within the next couple of months.
