**Assumptions:**

- (1) The US carrier contributions for the period from October 2025 to September 2026 and the International contributions are based upon actual billings.
- (2) These fees represent the \$100 late filing fee charged to those companies that do not file the Form 499A by the due date.
- (3) Interest income relates to interest earned on the bank balances and on overdue service provider accounts.
- (4) The cost of NANPA administration is based on the contract with Somos. Effective March 1, 2025 to November 30, 2028 there is an additional cost approved by the FCC for NPAC reports
- (5) The cost of B&C Agent is based on the current contract.
- (6) The expense for the Data Collection Agent is based on an allocation of costs by USAC.
- (7) The expense represents the estimated cost of the annual operations audit performed by Ernst & Young LLP.
- (8) Bank fees are an expense to the Fund.
- (9) The budget allows \$200,000 for carrier audits as may be required under 47 C.F.R. §52.15(k) and FCC Order FCC 00-42.
- (10) The allowance covers all accounts considered potentially uncollectible at March 31, 2026.

## **Deliverables Report**

### **Distributing invoices**

The invoices for carriers were emailed/mailed on March 12<sup>th</sup>. Payment is due April 12<sup>th</sup>.

### **Processing Payments**

Payment information from the lockbox service at Bank of America is downloaded on a daily basis. The deposit information is recorded daily.

### **Late/Absent Payments**

Demand notices and statements of account were emailed/mailed on March 13<sup>th</sup> to all carriers with overdue balances. A total of 27 demand notices and statements of account were sent out. During the same period last year, 29 statements and demand notices were sent out.

### **FCC Red Light Notices**

At a minimum, an updated red light report is posted to the FCC server for processing once a week. When required, additional updates are posted.

### **Helpdesk Queries**

All queries are directed to a helpdesk voicemail inbox or email inbox. The details of the query are documented in an MS Excel file including the date, Filer ID, nature of query, name of person making the request, who responded to the query and the resolution date. In March, 13 calls and 27 emails were received (2025 - 14 calls and 50 emails). Most queries related to the following: requesting copies of invoices, making changes to their email billing address, notification about closing their business, asking what the invoice/credit note was for, asking how to make a payment and why do they have to pay into the NANP.

### **Staffing**

There are no changes to staffing.

### **Status of Contracts**

The Billing and Collection Agent contract was awarded to Welch LLP in July 2024. The contract is for a 3-year period from August 1, 2024 to July 31, 2027 plus 2 one-year extensions ending July 31, 2029.

The NANPA and RNDA administration contract was awarded in December 2020. It allowed for a 3-month transition and development period from December 1, 2020 to February 28, 2021 and a 57-month administration period from March 1, 2021 to November 30, 2025 and 3 one-year extensions ending November 30, 2028.

### **Status of Audits**

**FCC Audit:** The FCC and the auditors confirmed that they do not need much from NANP since NANP is reported as a disclosure entity in the financial statements instead of as a consolidated entity. The audit for fiscal year 2026 has not commenced.

**Independent Audit:** The independent audit by Ernst & Young LLP of the financial statements and specified procedures for 2025 commenced on November 17, 2025. Final reports were issued January 16, 2026.

**Notes:**

- (1) This figure represents actual amounts received to date
- (1) (a) This represents RND fees still unpaid by carriers.
- (2) This represents the amount to be paid to the RND administrator for the creation of the database.
- (3) This represents additional fees for the B&C Agent to administer the RND collection of fees and payments. A change order has been approved at \$5,000/mth starting October 2020 until April 2023. Costs from May 2023 to April 2024 are based on a one year contract extension. Costs from April 2024 to July 2024 are based on the 3 month extension. The costs for the periods after August 2024 is based on the current base contract which runs to July 31, 2027.
- (4) This represents additional audit fees that will be incurred to perform additional audit procedure on the collection and payment of the RND funds. This will be an annual cost until the program is completed
- (5) This represents monthly bank fees incurred specifically for the RND account. Included in the bank fees is the cost to collateralize the bank account.
- (6) The budget provided that \$6M of fees were to be collected for the creation of the RND. In June 2021 the FCC approved the refund of \$2M of the total fees invoiced as the cost of the creation of the RND were lower than was provided in the budget. As a result, the carriers who were paying their fees monthly had their portion applied against their July and August RND fee obligation. The effect of this resulted in these companies not having to continue the payment of RND fees for July and August. In addition to this, those carriers who had not yet paid their portion of the RND creation fee had their fees reversed in an amount equivalent to their applicable portion of the refund.

In 2023, the FCC approved the second tranche repayment of \$2M. The refund was done via an offset against the 2023 annual NANP fees. The carriers who did not have a 2023 NANP obligation were sent a refund check, subject to the red light rules.

In 2025, the FCC approved the final repayment of the RND of the balance. The refund was done via an offset against the 2025 NANP fees. The carriers who did not have a 2025 NANP obligation were mailed a refund check on September 24, 2025
